

SILICONE FIBRE OVERLAY

Features

- While helping to protect all areas of the body vulnerable to pressure injury, this unique overlay makes any bed more comfortable, and promotes a better sleep.
- Covered with a breathable cotton/polyester fabric, the mattress overlay is machine washable to 70 degrees with standard detergent.
- The individual cells can be removed and washed separately for ease of cleaning.

Benefits

- Ideal for geriatric and palliative care.
- Soft and comfortable mattress overlay.
- Unique silicone fibre construction.
- Protects vulnerable pressure prone areas.
- Reduces friction and shear.
- Waterproof cover available.
